PROFESSIONAL EXPERIENCE

METROPOLITAN TRANSPORTATION AUTHORITY – MTA

New York, NY

Data Strategy Analyst Intern – EAM, Strategic Initiatives

Jul 2025 – Dec 2025

- Built EAM analytics ecosystem on **Azure Data Lake**, deploying production-grade **Power BI dashboards** with KPI frameworks and GIS, integrating **GenAI** to auto-generate executive narrative summaries and improving decision-making accuracy by **20%+**.
- Optimized **GIS analytical pipelines** on Azure within **HxGN EAM**, improving data quality across **10K+ assets** spanning **8+ asset categories**, enabling real-time operational dashboards for enterprise asset management.
- Conducted cohort-level benchmarking across operational datasets, driving a **15% improvement** in system efficiency while streamlining project governance using Jira & Confluence, improving stakeholder alignment by **25%**.

ERNST & YOUNG LLP – EY

Bengaluru, India

Advanced Analyst, Staff II – Business Consulting, SCM Product, Analytics & Strategy

Dec 2022 – Aug 2024

- Spearheaded **EY ASTERISK SaaS** platform's digital transformation, crafting product strategies & implementation roadmaps for **AI-enabled SCM solutions** with predictive demand forecasting, boosting supplier-vendor collaboration by **15%** and reducing time-to-market by **20%**.
- Orchestrated **20+ ETL data pipelines** (Python, SQL, Azure Databricks, JS7) for supply-demand analytics across **Fortune 500 clients** (Automotive & FMCG), leveraging **LLM-assisted code generation** to accelerate Product development & improve data accuracy by **30%**.
- Deployed **10+ Power BI dashboards** integrating KPIs and Geo-based vendor/supplier data for executive reporting, augmented with **GenAI-generated narrative summaries**, driving a **35% boost** in operational efficiency.
- Delivered **5 key product modules** end-to-end under **Agile/SDLC**, partnering with cross-functional engineering and business teams across consulting engagements, achieving a **25% increase in team productivity** by aligning product roadmaps with strategic business metrics.
- Drove **CRM integration** and Product management, customer experience analytics, partnering with **C-suite stakeholders**, direct vendors and client executives to define product requirements, prioritize sprint backlogs, and streamline end-to-end product strategy.

CONSILIO LLC

Bengaluru, India

Data Operations Analyst

Oct 2022 – Dec 2022

- Designed & implemented cloud-based data pipelines for **legal eDiscovery forensics**, enforcing data privacy compliance across **5,000+ legal records** through optimized query performance and pipeline automation.
- Built data warehousing solutions and automated analytics workflows, improving pipeline efficiency by **20%** and analytical output by **30%**.

CORE COMPETENCIES

Data & Analytics | Data Engineering | Solutions Engineering | Supply Chain Management | Product Management | Enterprise SaaS | Consulting | Cloud & Data Platforms | Digital Transformation | Client & Stakeholder Engagement | Business Strategy

TECHNICAL SKILLS

Programming and Core: Python (Pandas, NumPy, PyTorch), SQL, REST APIs, Git, Docker, Linux, MS Office Suite 365 (Access, Excel, PowerPoint)
AI, BI and Analytics: AI/ML (XGBoost, SMOTE, TensorFlow), GenAI, LLMs, Agentic AI, Microsoft Power BI (Power Query), Tableau, Data Visualization, KPI Dashboarding, GIS, Power Automate, Predictive Analysis, Framework Development, AI Integrations, RapidMiner, Alteryx
Data Engineering: ETL/ELT Pipelines, JS7 Schedulers, SSIS, Apache Airflow, Data Modeling, Warehousing, Spark/Hadoop, CI/CD, Snowflake
Cloud and Databases: Azure Databricks, Azure Data Lake, AWS, PostgreSQL, Oracle, Microsoft SQL Server, MongoDB, GCP/BigQuery (familiar)
Tools and Methods: Jira, Confluence, Agile/Scrum, Microsoft PowerApps, SDLC, ITIL, Product Management, Stakeholder Management, Business requirements Gathering, GTM Strategy, Cross-functional Collaboration, Supply Chain Analytics, CRM Integration, CX, ServiceNow

EDUCATION

PACE UNIVERSITY – SEIDENBERG SCHOOL OF CS & IS

New York, NY

MS, Computer & Information Systems | Data Science Engineering & Analytics | GPA: 3.8

June 2026

JAIN UNIVERSITY – SCHOOL OF CS & IT

Bengaluru, India

BS, Computer Science | Applied CS, Cloud, Data & Analytics | GPA: 3.64

Jul 2022

CERTIFICATIONS & PROJECTS

- AWS Solutions Architect Associate** (SAA-C03) – Amazon Web Services – Jan 2026
- McKinsey Forward Program** – McKinsey & Company – Dec 2025
- Capstone Research: **"THE SUGGESTIVE BANKER"**: Consumer Trust in Proactive Agentic AI Systems for Digital Banking – 2026
- SmartChurn: Customer credit card attrition prediction system using ML (Python, Tableau, Scikit-learn, XGBoost) [[GitHub](#)] – 2025
- Bipolar Occurrence Prediction via Machine Learning & Deep Learning (TensorFlow, PyTorch) – [Published Research Paper](#) – 2022
